

Paris, December 2017

Prix de Dessin  
Daniel & Florence Guerlain

Dear Friends,

We would like to thank you for the interest you show in our initiative towards contemporary art.

The aim of the Drawing Prize is to promote and highlight the place of drawing in contemporary art and allow a French or foreign artist, for whom drawing is a significant part of their work, to pursue their creative work in this medium with the awarding of an endowment. They may or may not live in France, but must entertain a privileged cultural link with France through institutions or art schools.

By becoming members of the "Cercle des Amis"

- You help to promote public awareness of the winning artist's work and that of the 2 other selected artists as well as their recognition on the international scene.
- You participate in the purchase of the winner's work which the Foundation submits for approval to the Acquisitions Committee of the Musée national d'art moderne-Centre Pompidou
- You are invited to all the events concerning the prize and the artists as well as receptions and visits organized by our sponsors or by ourselves
- You are invited to take part in trips to view drawings in foreign collections or in countries where museums are hosting the drawing donation that we made to Pompidou in 2012

Our partnership with various museums enables us to let you take part in very private visits organized by these institutions.

We must insist on the fact that the visits to exhibitions that we propose are more and more successful, and it is for this reason that we can no longer accept 2 people when the membership is only for one. This is valid for all categories.

We would like to thank you all, dear Friends, for the great support and attention you give to our activities in favour of contemporary art and we hope to meet you during the various artistic events that will be taking place throughout the year.

Best regards.

Florence and Daniel Guerlain
